Candidate For Renomination For Governor

Willis Avoids Answer To The **Many Charges**

Hurls Defiance To Prospective Opposing Candidates

And Recognizes That He Has A Very Slim Chance Of Election

Columbus, O., Feb. 2-As a candidate for renomination for governor forcing the Republican party to accept him. Governor Frank B. Willis has gone on the stump. By his avoidance of answer to the charges hurled against him and his bitter attack against Former Governor Cox and his administration. Governor Willis has hurled deflance at John M. Cline, ex-Republican prosecuting attorney of Cuyahoga county, who has announced himself as a prospective candidate for Republican nomination, and others who contemplate such announcement. The governor recognizes that if he can se cure renomination he has a slim chance for election and he wants that chance. To ward off others in his own party he seeks thus early to begin his campaign and set up as a line of campaign a continuance of the fraud. leceit and buncombe by which he won in 1914. By so doing he sets up the fact that he believes Cox will be the next governor of Ohio by way of Dem- year penitentiary sentence for bur-

Admitting the presence of "scarlet women" he hid behind their failure to assist in destruction of certain laws, and made a bid for the support of employer's liability insurance interests. He did not refer to the fiasco in management of agricultural matters, nor did he explain the removal of George Bope, his "cough syrup" appointee. Admitting the excess in expenditures of his administration, he charged this was due to debts left by his predecessor and to the cut cialty. was seen in his speeches and confirmation of the Republican slate making was found in his utterances of endorsement for other candidates for re-election and preferment.

Behind the order from the civil service board for the removal of employes in the agricultural department, the industrial department and the secretary of state's office, is seen the hand of the governor, playing politics. It is charged that Governor Willis said he was being bothered to death for jobs and asked the president of the civil service commission to help him out, with agreeable response. From Dayton, the home of State Fire Marshal Bert B. Buckley comes the story, based on corroborative rumors, that his head is on the way to the bester It is said to be because of his assumption of political leadership and the continued affront to other Republican leaders in his district, where he has split the party into factions. Color is lent to the rumor by the fact that Buckley was given a remote place in arrangements for the Dayton Republican banquet for Willis, and it was painfully noticeable that while the governor was passing out profuse praise and boquets for others of his official family, he ignored his fire marshal who sat before him the while, and whom common courtesy would have entitled to some mention. Vhy Best for Babies?

I am often asked why Chamberlain's Cough Remedy is best for babies. Well, there are several reasons:

First: It is perfectly harmless and can be given with every confidence to the youngest or most delicate child.

Secondly: It contains no alcohol, opium, chloroform, morphine or any other narcotic. Thirdly: Children like it, and no persuasion is needed to

get them to take it. For the above reasons alone it is impossible to get a better medicine for babies than
